To Whom it May Concern:

I have submitted a copy of the recent pay from my new job. The pay statement covers a two-week period between September 6-September 19. This is a reflection of what the pay will be, though it may fluctuate some because it is an hourly job.

I no longer work at ETS, I have not had any income from them since I believe February. I am not working for them any longer due to the new position I have.

My income from Pearson is less this year due to the Pandemic. We were on hiatus since March and only recently began sporadic work in September. This is a job that occurs usually several times a year for about two weeks. Nothing has changed with this job other than the lack of work this year due to the pandemic.

The rental income remains the same—We receive \$1625.00 per month from a rental property we own. We spend \$861.39 on the mortgage payment for the rental each month.

As indicated in my record, we did receive unemployment benefits due to the pandemic, but that recently ended at the end of August since I got a new job and our children are returning to school full time next week.

If you need any additional information, please contact me.

Thanks,
